

Caracas, Venezuela 2018

Dear Gisela
Executive Director
Sistema Global
Present.-

On behalf of our National System of Youth and Children's Orchestras and Choirs of Venezuela, we want to deeply thank your condolences for the sensitive passing away of our beloved Maestro José Antonio Abreu.

Your words are an honor for us and help us reassure Maestro's scope, commitment and vision for the children and youngsters that through music are spiritually rich and are become exemplary citizens.

Maestro Abreu lives through El Sistema, in each note played by the children and youngsters. In every one of them the strengths of our societies will be built, building from their enriched souls the foundations of a better society.

We want to extend once more our deepest gratitude and let you know that your support strengthens us in this painful moment. It is a great responsibility for us to give continuity to this beautiful task of 43 years, in which we will keep working completely committed to the teaching of our members through the collective practice of music, just as El Maestro taught us.

We will keep Playing, Singing and Fighting.

Sincerely,

Eduardo Méndez
Executive Director
Fundación Musical Simón Bolívar
